DEVAPRIYA ROHITH BOLAMALA

Software Engineer | Cloud & Healthcare Technology

Livonia, MI | +1 (617) 749-5941 | rbolamala@gmail.com
github.com/rohithbdp | linkedin.com/in/rbolamala

PROFILE

Software engineer focused on backend platforms, distributed systems, and cloud infrastructure. Experience building software with Go, Java, and Python on AWS, with a current focus on healthcare EDI transaction workflows. Background in container orchestration, developer mentoring, and collaboration across engineering teams.

EXPERIENCE

Optum
Sep 2025 - Present

Software Developer | Livonia, MI

- Implement and support ANSI X12 healthcare transactions on the IMN Batch platform, including claims, attachments, ERA/remittance, and acknowledgments.
- Work within a small team on TIBCO and AWS-based batch workflows in a global clearinghouse environment.

ViewRail Holdings Inc
Mar 2025 - May 2025

Senior Software Engineer | Gilbert, AZ

- Developed full stack solutions using Go, Java, Python, and SQL with AWS cloud infrastructure.
- Collaborated with product and engineering teams on application development and supported container-based deployments.

Optum
Nov 2023 - Dec 2024

Software Developer | Caldwell, NJ

- Developed distributed healthcare microservices using Go, Java, and Python on AWS, with Docker and Kubernetes for container orchestration.
- Led development work, mentored engineers, and collaborated across teams on cloud-based healthcare systems.

Amway
Jul 2022 - Dec 2022

Software Developer | Jersey City, NJ

- Built full stack applications and supported AWS deployments using Docker and Kubernetes.
- Worked with SQL and NoSQL data solutions and mentored junior developers in an Agile environment.

TECHNICAL SKILLS

Languages: Go, Java, Python, C, SQL, Node.js, Scala
Cloud & infrastructure: AWS, Terraform, Docker, Kubernetes, Ansible, CI/CD
Architecture & data: Distributed systems, microservices, Redis, relational/NoSQL databases
Healthcare: ANSI X12, EDI, TIBCO, ERA/remittance, batch workflows

EDUCATION & CERTIFICATION

Master of Science in Informatics - Northeastern University, Boston, MA
AWS Certified Solutions Architect - Associate - View credential
